Nominator Information

- Adhere to Space Limitations. All statements must be limited to the space provided for each item. Font size should be no smaller than 10 point.

- Only typewritten copies will be accepted.

- Proper concise and accurate description of contributions should be carried out. Avoid undefined technical jargon. Use an acronym only if the full name has been spelled out previously.

- The nominator is the sole contact in the nomination process; he/she should verify the information provided in the attached form. He/she should also inform the persons listed as references to complete the reference form and to send it to the IFAC Secretariat by e-mail at the latest by the deadline for references. Please note that referees need not be Fellows themselves.

- The citation should be complete, correct, and concise.

- In order to compare candidates in varied disciplines and situations, objective information re the candidate's qualifications is required. Contributions need not always be theoretical in nature nor relate to new inventions; for instance, engineering efforts which bring about a design or theory to fruition through economic, governmental, or other applications can also lead to important contributions to society.

- Part of the nominator's responsibilities is to request the candidate's organization to provide all information necessary to document the contributions of the candidate, as well as to select a category which best defines the candidate's significant contributions.

- Include concise and verifiable references about the candidate's contributions, but restrict yourself to the three pages of the form.

Extremely Important

Nomination Forms are available online at:

http://www.ifac-control.org/awards/fellow-nominations-2014

Only Nomination Forms reaching the IFAC Secretariat before January 8, 2013 will be considered for the selection of the 2011 Fellows.

Once you complete the online form, please submit it to:

e-mail: secretariat@ifac-control.org

Subject: IFAC FELLOW SELECTION COMMITTEE
